As part of our ongoing transition, we would like to direct your attention to the recently filed 8-K, which details the appointment of CRDX independent board members to the AMMJ board. Prior to the legalization of recreational marijuana, AMMJ already operated two medical marijuana dispensaries in Colorado Springs.

We encourage you to review the upcoming April 12th update and related 8-K filings to gain a deeper understanding of how this strategic alignment benefits and expands the Cannabis Depot brand while providing value to CRDX shareholders.
